## Education

Ajay Kumar Garg Engineering College  
Engineering - **8.77**

Ghaziabad, Uttar Pradesh

Radha Madhav Public School  
Intermediate - **98.8%**

Bareilly, Uttar Pradesh

## Skills

- **Language:** C, Java, Python, JavaScript, Dart
- **Frontend:** Flutter
- **Backend:** Spring, Springboot, Firebase
- **Database:** SQLite, MySQL
- **Tools & Platforms:** Git, Netlify, GitHub Pages, Vercel
- **Other Skills:** Problem-solving, Responsive Design, API Integration

## Projects

### EditQuaser

- Designed and developed core platform features, including **responsive design**, **user authentication**, and **performance optimization** to improve user experience.
- Implemented scalable **front-end** and **back-end solutions** using **React**, **Node.js**, and **MongoDB**, ensuring efficient deployments and team collaboration.
- Contributed to delivering a robust, production-ready application aligned with modern development practices.

### Insiden

- Enhanced website functionality, focusing on **performance optimization** and **scalability**.
- Delivered **full-stack solutions** using **React**, **Node.js**, **MongoDB**, and **Firebase**, optimizing **real-time database integration** and **authentication flows**.

### Portfolio

- Developed a responsive **3D personal portfolio** using **Three.js** for rendering and animation, delivering an immersive user experience.
- Gained hands-on expertise in **3D rendering** and **animation techniques**, optimizing performance for seamless interaction across devices.
- Utilized **React** for a scalable, modular design, ensuring easy updates and a visually appealing interface.
